Song - Stille natt

Kirvil Tvitekkja

Lyrics - Olav Flatastøylen , Melody – Kirvil Tvitekkja

Stille natt over svarte skogar
Der frosten stæler i bar og ris
Kvite snøfjell i ytste blåne
Med måneglitter i rim og is

Eit storkna lende i kvite klede
Som ligg og ventar i tagal ro
Ein vår, med blomar i alle bakkar
Og sus og song under solarglod

Men i mitt hjarta er stumt og stille
Kaldt og tomt i den svale natt
Der finst det ingenting att som ventar
Den ville vår når eg aldri att

Song – Cloghinne winds

Kirvil Tvitekkja

Lyrics – Briege Murphy , Melody – Briege Murphy

The shadows fell across the room as I lay down to rest
A storm was raging deep inside my head
I fell into a restless sleep
Of crazy changing dreams
But woke to find you standing by my bed

Cloghinne winds were blowing when you called me
First you spoke my name
Your voice was still the same
You beckoned me and I arose
To follow where you led
Out amongst the wild Cloghinne hills

The mountain mist had lent an eerie whiteness to the hill
The silver spider threadings caught my face
You darted through the bracken
Trailing stardust in your wake
I knew you'd stop beside our sacred place

Chorus

You stopped upon the fairy hill
Beneath the hawthorn tree
I thought I heard a lonely banshee scream
You held you hand towards me
And I reached to touch your face
But woke to find that you were just a dream

Chorus

The years have passed
And I am growing weary of this earth
The magic of the dream alludes me still
I've lain beneath the fairy tree
I've shouted to the moon
I am the haunted woman of the hill

Poem on behalf of Sarah

Elaine Groom

There's a ship sailing from the harbour.

On the quay all of us who love you are crying, we don't want to let you go.

We watch as the ship reaches the horizon, as it sails out of our sight.

The ones who went before you are waiting on the distant quay, they're cheering as they rejoice at seeing you once more.

Song – You'll be with me

Fredrik Hovland

Lyrics - Fredrik Hovland , Melody – Fredrik Hovland

We've said our goodbyes.
How I wish you'd stay.
I can tell by your eyes,
you can't think what to say.
I'll ride through life's scenery,
I'll sail on the sea.
Love is such a mystery,
but you'll be with me
in my heart,
in my mind,
and in my soul.

How to live without you?
It's so hard to smile.
I'll miss the things you do
to make me feel worthwhile.
I'll ride through life's scenery,
I'll sail on the sea.

Love is such a mystery,
but you'll be with me
in my heart,
in my mind,
and in my soul.

One minute silence
